PROFESSIONAL SUMMARY

Full-Stack Web Developer with hands-on experience in PHP 8, JavaScript (ES6+), TypeScript, React, and Node.js. Skilled in building scalable, secure, and cloud-native applications with a strong focus on UI/UX design, accessibility (WCAG), SEO, and performance optimization. Experienced in RESTful API design, microservices architecture, authentication (JWT, OAuth2), and database integration using MySQL, PostgreSQL, and MongoDB. Proficient in AWS Cloud Services (S3, EC2, Lambda, IAM) and DevOps tools including Docker, and CI/CD automation (GitLab CI/CD, GitHub Actions). Strong background in Agile/Scrum methodologies, code quality assurance, and cross-functional collaboration.

TECHNICAL SKILLS

Languages: PHP 8, JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL, Python (basic)

Frameworks & Libraries: React, Vue.js, Angular, Redux, Bootstrap, Material UI, SASS/SCSS, jQuery

Backend & APIs: Node.js, Express.js, RESTful APIs, JWT/OAuth2 Authentication, API Integration, Cloud Functions

Databases: MySQL, PostgreSQL, MongoDB

Cloud & DevOps: AWS (S3, EC2, Lambda), Firebase, Docker, Kubernetes (basic), Netlify, Render, Vercel, GitLab CI/CD

Testing & Tools: Git, Postman, VS Code, Jest, Puppeteer, Unit & Integration Testing, Accessibility (WCAG), Performance Auditing, Linux (Ubuntu)

Web Technologies: JSON, XML, SOAP, Ajax, Responsive Web Design, Linux Shell Scripting

Project Management: Agile/Scrum, Jira, Code Reviews, Continuous Integration

PROJECT EXPERIENCE

myFlix - Full-Stack Movie App (React, Node.js, MongoDB)

Developed a RESTful API with JWT authentication and MongoDB backend. Built a fully responsive React interface with SCSS and Bootstrap. Integrated AI-powered semantic search and personalized recommendations, improving engagement and reducing load time by 25%.

Co-Nekt - Mobile Chat App (React Native, Firebase)

Developed a cross-platform chat application supporting real-time Firestore messaging, media uploads, and offline use. Designed an accessible UI with Gifted Chat and optimized performance for low-latency communication.

PROFESSIONAL EXPERIENCE

Foodsharing IT - Open Source Contributor (PHP, Vue.js, Symphony, Docker, GitLab)

Contributing to a large-scale non-profit platform with over 100,000 users. Rebuilt real-time notification architecture, improving reliability by 30%. Enhanced frontend performance and accessibility while optimising GitLab CI/CD pipelines, reducing deployment times by 40%.

Chartering & Operations Management (2012-2024)

Over 10 years of experience in international maritime chartering, operations, and client management. Responsible for full chartering cycles from market analysis to contract execution, negotiation, and customer support. Improved operational efficiency through data-driven analysis, coordinated cross-department workflows, and ensured consistent logistics performance and high client satisfaction in fast-paced, global environments.

EDUCATION

Certificate in Full-Stack Web Development - CareerFoundry

Project-based training focused on JavaScript, TypeScript, React, Node.js, MongoDB, AWS, and DevOps fundamentals.

B.Sc. in Shipping and Transport

Gnosis Certificate in Shipbroking
